

CoverMyMeds® (CMM) and Registration: Does it Impact You?

December 3, 2021

This notice provides registration alternatives for continued pharmacy prior authorization (PA) functionality. Pharmacy providers and prescribers who currently use CMM to submit, view, and manage PAs are not required to register for the Medi-Cal Rx Secured Provider Portal.

For those pharmacy providers and prescribers that are not currently utilizing CMM, the CMM PA submission channel allows pharmacies to initiate PAs and prescribers to both initiate and submit PAs. CMM interacts with Medi-Cal Rx to provide questions and covered alternatives directly to the prescriber with the ability for real-time approvals.
