

## Adverse Childhood Experiences

### Provider Engagement Webinar Series

[www.rcmadocs.org/aces](http://www.rcmadocs.org/aces)

Riverside County Medical Association (RCMA) is pleased to partner with Riverside University Health System (RUHS), the Office of the California Surgeon General and Department of Health Care Services to address the impact of adversity experienced during critical and sensitive periods of development which is the root cause to some of the most harmful, persistent, and expensive health challenges facing our state and nation.

**ACEs Aware** is an initiative to offer Medi-Cal providers training, clinical protocols, and payment for screening children and adults for ACEs.

**Get Certified:** To bill Medi-Cal, providers must complete a certified core ACE training in order to receive payment for ACE screenings. RCMA has posted both live and online options to receive certified training at [www.rcmadocs.org/aces](http://www.rcmadocs.org/aces).

RCMA is co-hosting the below live provider engagement webinars as additional support to your practice.
