

ACEs Aware Initiative

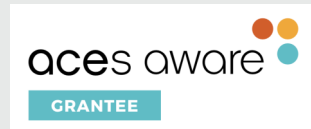

Provider Engagement Webinar Series

Riverside University Health System (RUHS) is pleased to partner with the Office of the California Surgeon General and Department of Health Care Services to address the impact of adversity experienced during critical and sensitive periods of development which is the root cause to some of the most harmful, persistent, and expensive health challenges facing our state and nation.

ACEs Aware is an initiative to offer Medi-Cal providers training, clinical protocols, and payment for screening children and adults for ACEs.

RUHS is hosting the below provider engagement webinars as additional support to your practice.

Save the date!
