From: IEHP – Provider Relations
Date: July 2, 2021
Subject: **Clinical Practice Guidelines**

Inland Empire Health Plan (IEHP) is pleased to announce the development of 19 new Clinical Practice Guidelines (CPGs), now available for you to access at www.iehp.org > Providers > Provider Resources > More > Quality & Clinical Resources and Tools > Clinical Practice Guidelines Library.

This was made possible by a taskforce comprised of IEHP Medical Directors who assemble quarterly to evaluate literature and reference materials that may be beneficial for your practices.

As these guidelines are a working resource, please check back periodically for updated topics, as well as new topics that have been added to the library. The contents are organized into four (4) categories:

1. United States Preventive Services Task Force (USPSTF);
2. IEHP Internal Library;
3. Healthcare Effectiveness Data Information Set (HEDIS); and
4. Managed Care Accountability Set (MCAS)

If you have any recommendations for additional topics that you feel would be beneficial to our Provider network, please email them directly to qmclinicalinbox@iehp.org

As a reminder, all communications sent by IEHP can also be found on our Provider portal at: www.iehp.org > Providers > Plan Updates > Correspondences

If you have any questions, please do not hesitate to contact the IEHP Provider Relations Team at (909) 890-2054 or (866) 223-4347.
