Subject: Patient Roster Tools for Providers

Inland Empire Health Plan (IEHP) would like to inform you of several Patient Roster Tools available on the IEHP Secure portal at www.iehp.org. IEHP is strongly encouraging you to access these rosters to help you improve quality of care for your IEHP Members. The Patient Roster Tools include the following:

- **Inpatient Discharge Roster:**
 - o Identify Members who have been discharged from an inpatient hospital stay
 - o View Members risk score
 - o Identify due date for follow-up visit to be completed
- **Adult BMI Roster:**
 - o Identify Members who have had an office visit within the year and are due for BMI assessment
- **Chlamydia Screening in Women:**
 - o Identify Members who are sexually active and are due for chlamydia screening
- **Controlling High Blood Pressure:**
 - o Identify those Members diagnosed with hypertension and are due for blood pressure screening
- **Screening for Clinical Depression:**
 - o Identify Members who have had an office visit within the year and are due for depression screening
- **Diabetes Care- HbA1c <8:**
 - o Identify Members who are diagnosed with diabetes and are due for HbA1c test or have completed the HbA1c lab test and view the lab result value

Should you have any questions or would like to see how these rosters could be a resource for you, please contact your IEHP Provider Services Representative.

Thank you for your continued partnership in providing quality healthcare to IEHP Members.

As a reminder, all communications sent by IEHP can also be found on our Provider portal at: www.iehp.org > Providers > Plan Updates > Correspondences.

If you have any questions, please do not hesitate to contact the IEHP Provider Relations Team at (909) 890-2054 or (866) 223-4347.
