Subject: **OB/GYN P4P Program Guide – Billing Guidance**

Inland Empire Health Plan (IEHP) would like to share important billing guidance relating to the OB P4P Program.

To receive full benefits of the P4P incentive payments, you must bill the OB/GYN P4P code(s) with the exact amount of the P4P incentive that you expect to receive. Failure to follow this billing guidance will result in your office not receiving full P4P incentive payments.

Listed below are the P4P services with the financial incentive amount for each service that must be indicated on the claim:

Payment Per P4P Service

P4P Service	Financial Incentive
1. Initial Prenatal Visit	\$ 90
2. Perinatal Chlamydia Screening	\$ 75
3. Perinatal Depression Screening	\$ 75
4. Postpartum Blood Pressure Screening	\$ 75
5. Postpartum Diabetes Screening	\$ 75
6. Early Postpartum Visit (1-21 days postpartum)	\$ 75
7. Later Postpartum Visit (22-84 days postpartum)	\$ 75
8. Tdap Vaccine	\$ 90

In addition to the above billing guidance, please review and leverage the OB P4P Program Guide to maximize the benefits of this program.
