**Subject:** **NEW: Submit Historical Supplemental Data Online!**

Inland Empire Health Plan (IEHP) is pleased to announce the implementation of **the online submission process** for **Historical Supplemental Data**. This enhancement will make it easier to enter Member information and upload documentation to close quality gaps in care, as reflected on the Preventive Care Rosters.

**Important Reminder:** This process should be utilized **only** for the submission of visits, procedures, or services that cannot be submitted via claims or encounters (e.g., services received prior to IEHP Membership, historical surgical procedures).

**Please see below:** A step-by-step Historical Data Portal Entry – User Guide and training video are available on the secure Provider Portal to demonstrate the submission process.

The screenshot shows the IEHP Provider Portal interface. The top navigation bar includes the IEHP logo, 'Provider Portal', and user options like 'Welcome', 'My Account', 'Actions', and 'Sign Out'. A left sidebar menu lists various portal sections, with 'P4P Resources' highlighted in yellow. The main content area is titled 'P4P Resources' and contains a list of videos and PDFs. A red box highlights the 'Historical Data - Provider Portal Entry' video (8.5 min) in the 'Videos' section, and another red box highlights the 'Historical Data Portal Entry - User Guide' PDF (2MB) in the 'PDFs' section.
