Subject: **SIGN UP TODAY: PATH Program Design Webinars Starting Jan 28**

On January 28, Department of Healthcare Services (DHCS) will host the first in a series of webinars focused on the **Providing Access and Transforming Health (PATH) initiative**.

PATH will support the implementation of California Advancing and Innovating Medi-Cal (CalAIM), starting this year with Enhanced Care Management (ECM) and Community Supports, by making **funding opportunities available to “on the ground” partners, including providers**, counties, former Whole Person Care lead entities, community-based organizations, Tribes, and others **working to implement ECM/Community Supports**.

The webinar will provide interested stakeholders with post-waiver approval updates and a detailed overview of the following PATH initiatives:

- Technical Assistance Marketplace
- Collaborative Planning and Implementation
- Capacity and Infrastructure Transition, Expansion, and Development

This webinar will also serve as a venue to answer general questions from stakeholders on PATH initiatives. Interested stakeholders are encouraged to submit questions in advance of the webinar to CalAIMECMILOS@dhcs.ca.gov.

Attendees will also have an opportunity to ask questions during the webinar. [Advance registration](#) is required.
