To: IEHP – Global Quality P4P IPA Participants
From: IEHP – Quality Programs
Date: February 22, 2022
Subject: **2022 Global Quality P4P Program – PCP CAIR2 Participation Requirement**

Inland Empire Health Plan (IEHP) would like to thank you for participating in the **2022 Global Quality P4P (GQ P4P) Program**. One of the participation requirements for PCPs this program year is to be connected to the **California Immunization Registry (CAIR2)**.

- Providers are expected to be connected to CAIR2 and **demonstrate entry** of immunizations into the registry **no later than July 1, 2022**.
- Providers who have previously connected and are submitting to CAIR2 Registry do not have to re-register with CAIR2. These Providers will need to demonstrate active submission of data into CAIR2 as determined by dates of service July 1, 2021, through June 30, 2022.
- Providers who are not connected to CAIR2 and do not have immunization records entered by July 1, 2022, will no longer be eligible to receive incentive dollars from this program. Disqualification from the 2022 GQ P4P Program will not affect any payments related to the 2021 GQ P4P Program.

Attached, is a list of your contracted Providers and their CAIR2 participation status as of January 1, 2022. You will find the CAIR2 participation status in column “N.” Providers who show a status of “Participating - PCP attribution” or “Participating - NPI confirmed” demonstrate connectivity with CAIR2 based on utilization information received directly from CAIR2.

PCPs who show a status of “Not Participating” have not yet demonstrated records entered in the CAIR2 registry and do not currently meet the program requirements of CAIR2 connectivity. For your PCPs that are not yet connected to CAIR2, IEHP asks that you provide support to your Providers to connect and begin using the CAIR2 system.

IEHP will continue to monitor all PCPs' CAIR2 utilization through July 1, 2022 for the purposes of determining if Providers are eligible to receive incentive dollars from the 2022 GQ P4P Program. Monitoring will continue after July 1, 2022, only for the purposes of tracking if Providers have begun to utilize CAIR2, not for determining 2022 incentive payment as these Providers will be considered ineligible.

Providers will also be able to find their CAIR2 participation status on their monthly 2022 GQ P4P interim reports which will begin in March 2022.

Thank you for your continued partnership in providing quality healthcare to IEHP's Members.

As a reminder, all communications sent by IEHP can also be found on our Provider portal at: www.iehp.org > For Providers > Plan Updates > Correspondence

Any questions related to this program can be sent to IEHP's Provider Relations Team at (909) 890-2054, (866) 223-4347 or email IEHP's Quality Department at QualityPrograms@iehp.org.
