

Inland Empire Health Plan

To: IEHP Medi-Cal PCPs
From: IEHP – Provider Relations
Date: March 22, 2022
Subject: **REMINDER: IEHP Wants to Know Your Interest in Pilot Program to Implement a Community Electronic Health Record (EHR)**

Inland Empire Health Plan (IEHP) is seeking Provider input on a pilot program to implement a Community EHR in our Providers' practices. There are only a few days left to participate and your input is valuable!

Your feedback is essential to gauge your practice's interest in changing to a new EHR or enhancing your existing EHR. We also want to know if you are not currently using an EHR in your practice so we can support its implementation. **If you have already responded, thank you! No need to respond again.**

An excellent EHR can help your practice improve existing quality scores, manage billing and referrals and most importantly, help you address every patient's needs.

This survey will only take a few minutes of your time and delivers vital information.

Your feedback will directly impact what IEHP offers to support an EHR in Providers' practices.

Only one response per practice, please.

Please access this quick survey via the link below:
