Subject: **IEHP Provider Portal Updates – Reports now Viewable by TIN**

Inland Empire Health Plan (IEHP) would like to inform our Providers of updates made to the **Global Quality P4P Reports** on the Provider Portal. **GQ P4P Reports can now be viewed by TIN**, opposed to by Provider only, enabling easy viewing of all data within a practice. Access the reports via the “GQ P4P 2022” tab located under the “Reports” tab of the Provider Portal.

The screenshot shows the IEHP Provider Portal interface. On the left is a dark blue navigation sidebar with a 'Reports' section containing 'GQ P4P 2021 FINAL' and 'GQ P4P 2022'. A red arrow points from the 'GQ P4P 2022' tab to the main content area. The main content area has a light blue header 'GQ P4P 2022' with a refresh icon. Below the header is introductory text about the program and a note about report frequency. At the bottom, there is a dropdown menu for selecting a provider, with a red box around it and a list of provider names and IDs. To the right of the dropdown, it says 'Data Received as of 8/1/2022' and 'CAIR2 Connection Confirmed'.

Reports exported from the “Rosters -Main” and “Rosters – PDFU/SCD” tabs will now include Member phone numbers and address information. Additionally, a new “Updates” tab has been created that will list all updates to the Program Guide. All tabs are located at the bottom of the “GQ P4P 2022” page.

Reports are updated twice per month, July through December, and once per month, January through June. The 2021 final reports will remain available as is.

If you have questions, please reach out to your Provider Service Representative or the IEHP Provider Relations Team at (909) 890-2054, (866) 223-4347 or email ProviderServices@iehp.org

As a reminder, all communications sent by IEHP can also be found on our Provider Portal at: <http://www.iehp.org> > Providers > Plan Updates > Correspondences
