

We heal and inspire the human spirit.

To: All PCPs, Behavioral Health Providers and IPAs

From: IEHP Provider Services

Date: March 10, 2023

Subject: **Social Determinants of Health Identified? Refer for Community Supports!**

Do you serve Members who are...

- Homeless or at risk of becoming homeless?
- Struggling with food insecurity and requiring medically tailored meals?
- Suffering from asthma and require modifications to their living space?
- In need of home modifications due to their health concerns?

Inland Empire Health Plan (IEHP) offers **Community Supports** to address Social Determinants of Health (SDOH) for eligible Members. SDOH shape health outcomes as much as genetics or lifestyle choices and **Community Supports can help!**

Screening for SDOH identifies the needs of our Members and ensures IEHP and the Department of Health Care Services (DHCS) are aware of Members' SDOH. This information is used to **ensure funding continues and new programs and supports are created** so we can improve the health of our Members and communities.

Request Community Supports today for eligible Members via the secure Provider Portal referral process:

211 and ConnectIE.org are also great sources of information about local resources and services. Members can take a confidential [Personal Needs Assessment](#) and find resources tailored to their concerns.

As a reminder, all communications can be found at: www.iehp.org > Providers > Plan Updates > Correspondence.
