
To: Medi-Cal PCPs
From: IEHP – Quality Programs
Date: March 15, 2023
Subject: **REMINDER: 2023 Global Quality P4P Program – CAIR2 Participation Requirement**

Thank you for participating in the **2023 Global Quality P4P (GQ P4P) Program**. We look forward to our partnership to ensure our Members receive the quality preventive services necessary to support vibrant health.

REMINDER: It is required that PCPs must be connected to CAIR2 and **demonstrate entry** of immunizations into the registry, **no later than July 1, 2023**. IEHP will confirm PCP connectivity through patient records in the CAIR2 system.

PCPs who are not connected and do not have immunization records entered in CAIR2 by July 1, 2023, will not be eligible to receive incentive dollars from the GQ P4P Program. No further action is required for PCPs already connected and entering immunization records.

Why is CAIR2 Participation a Requirement for 2023 GQ P4P?

- CAIR2 is key to centralizing patient immunization records, allowing Providers to access all immunization records during patient care.
- DHCS has included this requirement for all PCPs as part of the Facility Site Review (FSR) Audit, as noted in the All-Plan Letter (APL 20-006).

How Will We Know If Our Practice/Physician Has Met the Participation Requirement?

- A CAIR2 participation status indicator will be added to the 2023 monthly interim reports, acknowledging IEHP can see new immunizations submitted to CAIR2 by the Provider. Your office should start receiving the 2023 GQ P4P interim reports beginning March 2023.
- IEHP will continue to send out monthly interim reports to show updated data on Provider performance relating to the 2023 GQ measures.
- **For more information about CAIR2 registration, visit:** [California Immunization Registry](https://www.cdph.ca.gov/Programs/OPA/Pages/NR20220508.aspx)
