Subject: **Inpatient Admission Notification Process - UPDATE**

Effective immediately, Inland Empire Health Plan (IEHP) is implementing a new admission notification process for Hospitals who are actively sharing ADT (Admission/Discharge/Transfer) data via Manifest MedEx.

For those Hospitals that have **received validation of successful ADT integration**, IEHP will no longer require Hospitals to submit a daily flat file to IEHP. Instead, IEHP will obtain real time admission, discharge, and transfer information from the Manifest MedEx data feed.

Effective December 1, 2018, IEHP will discontinue the existing response file. A new HL7 compliant response file will be placed in each Hospital SFTP folder twice daily. The daily response file placement will be scheduled for 12:00 pm and 5:00 pm.

As a reminder, all communications sent by IEHP can also be found on our Provider portal at the following address: <https://ww3.iehp.org/en/providers/correspondence/>.

Should you have any comments and/or questions please contact the Provider Relations Team at 909-890-2054.
