After participating in this CME event, you will be able to:

- Describe general principles of postpartum pain management
- Understand the various analgesic modalities available for postpartum pain management
- Describe the epidemiology of the U.S. opioid epidemic, particularly as it pertains to pregnant and postpartum women
- Describe one validated screening tool for opioid use in pregnancy
- Understand the basic principles of safe opioid prescribing

This activity has been planned and implemented in accordance with the Institute for Medical Quality and the California Medical Association’s CME Accreditation Standards (IMQ/CMA) through the Joint Providership of the Perinatal Advisory Council: Leadership, Advocacy and Consultation (PAC/LAC) and Inland Empire Health Plan (IEHP). PAC/LAC is accredited by the Institute for Medical Quality/California Medical Association (IMQ/CMA) to provide continuing education for physicians. PAC/LAC takes responsibility for the content, quality and scientific integrity of this CME activity. PAC/LAC designates this live activity for a maximum of 1.0 AMA PRA Category 1 Credit(s)™ per 90-minute session attended. Physicians should only claim credit commensurate with the extent of their participation in the activity. This credit may also be applied to the CMA Certification in Continuing Medical Education.
