Inland Empire Health Plan

To: IEHP Providers
From: IEHP - Provider Relations
Date: January 30, 2019
Subject: Newly Designed IEHP Website

NEW LOOK, BETTER ACCESS, SAME SECURITY

Inland Empire Health Plan (IEHP) will launch our newly redesigned website on **February 13, 2019**. The website now features a fresh, new simplified sitemap with a functional search tool that gives you easier access to forms and training materials in less clicks. It is also fully responsive to mobile devices, making it easy to navigate in a wide range of web browsers and portable devices.

SECURE PROVIDER PORTAL

There is no change to the secure Provider Portal. You will continue to access the portal the same way you always have and your Provider Portal login remains secure. Access to the portal now appears on every page of the website in the top right corner. This saves time and makes browsing fast and simple.

EXPLORE OUR NEW WEBSITE

On **February 13, 2019**, go to www.iehp.org and start exploring information on our Global P4P Program, Plan Updates, Provider Resources, and much more. By saving the new URL, you can have easier access to the Provider Portal for future visits.

For Providers
Our partners in quality.

Provider Login
IEHP's provider portal is equipped with resources to equip all of our providers with easy to use tools.
Provider Login

Pay For Performance (P4P)
Learn more about IEHP's incentive programs offered to qualified Practitioners, including traditional P4P and Global Quality P4P.
Learn More

Plan Updates
IEHP is committed to keeping our Providers informed with the latest information.
Learn More

If you have any questions, please call your IEHP Provider Relations Team at **(909) 890-2054**, Monday–Friday, 8am–5pm.

This is another way IEHP helps you provide the best care to our Members.
