Inland Empire Health Plan (IEHP) strives to process requests for authorizations as expeditiously as possible. There has been a significant number of referrals being submitted with a Service Provider of “any in network” which delays the processing time of referrals.

This delay predominately occurs when the Servicing Provider is for ARMC/RUHS/LLUHC. Please note, there is a functionality to select ARMC/RUHS/LLUHC through the Provider portal and follow the enclosed Facility Referral Submissions to IEHP.

Also, when requesting consultation codes, please remember to use the following appropriate codes below:

<table>
<thead>
<tr>
<th>Medi-Cal Members</th>
<th>Medicare Members</th>
</tr>
</thead>
<tbody>
<tr>
<td>99241</td>
<td>99201</td>
</tr>
<tr>
<td>99242</td>
<td>99202</td>
</tr>
<tr>

<td>99203</td>
</tr>
<tr>

<td>99204</td>
</tr>
<tr>
<td>99245</td>
<td>99205</td>
</tr>
</tbody>
</table>

As a reminder, all communications sent by IEHP can also be found on our Provider portal at: www.iehp.org > For Providers > Plan Updates > Correspondence.
