INTRODUCTION

A. Manual Overview

The Inland Empire Health Plan (IEHP) Provider Policy and Procedure Manual is designed to help IEHP’s Contracted Entities (Providers) understand how IEHP works and understand the rules and regulations IEHP must comply with, as governed by the California Department of Health Care Services (DHCS), California Department of Managed Health Care (DMHC), the Centers for Medicare and Medicaid Services (CMS), and the National Committee for Quality Assurance (NCQA). The provisions of this Manual must be adhered to by all of IEHP’s Providers.

This Manual is intended to incorporate the statutory, regulatory and contractual requirements imposed by DHCS, DMHC, CMS, NCQA and other agencies such as medical professional licensing boards. It is not intended to replace or exclude any statutory, regulatory or contractual requirement not stated herein.

In addition to the Provider Policy and Procedure Manual, a Federal link to the Benefit Manual is included in the annual mailing to IEHP’s Contracted Entities. The Federal Benefit Manual is offered as a guideline to determine benefit eligibility and is not intended to be construed as or to serve as a standard of medical care, or as a contractual agreement for payment.

The Delegate or Provider has the responsibility of ensuring the appropriate people in their organization review and understand the information contained in this Manual. Additionally, periodic updates are sent to keep the Manual current and our Providers informed of any policy changes.

IEHP holds training sessions for its Providers to assist in learning IEHP policies and procedures as outlined in this Manual.
