**COVERAGE POLICY**

I. In order to receive Behavioral Health Home Based Services, a Member must have pre-approved authorization. IEHP considers Behavioral Health Based Services medically necessary for Members that meet all of the following criteria:

A. A referral from Member’s treating physician (PCP or specialist) or a positive screening on the IEHP Behavioral Health Home Based Screening Form (Appendix A) will direct initial treatment services.

B. Member must have a diagnosis of at least 1 of the following:
   1. Quadriplegia; or
   2. Morbid Obesity (weight of 500 lbs. or more); or
   3. Schizophrenia; or
   4. Schizoaffective Disorder; or
   5. Bipolar Disorder; or
   6. Agoraphobia; or
   7. Severe Mental Health Diagnoses:
      a. Obsessive Compulsive Disorder; or
      b. Panic Disorder
      c. Anxiety Disorder (such as PTSD, etc.); or
      d. Treatment Resistant Major Depression Disorder; and
   8. Be eighteen (18) years of age or older; and
   9. Able to cognitively engage in treatment and adhere to treatment plan goals; or
   10. Have a condition such that leaving the Member’s home is medically contraindicated; or
   11. If a Member presents with no Behavioral Health diagnosis; a Behavioral Health home-based screening will be conducted to determine if Member is eligible for an initial home-based clinical assessment

C. In addition, Members must have 1 or more of the following:
   1. Member presents with a persistent self-management problem and/or lack of treatment compliance where traditional interventions such as home care, disease management and/or case management programs have not been successful to achieve the desired behavioral change or treatment objectives; or
   2. Permanent bed-bound status that requires ongoing management of persistent co-morbidities or complications; or
   3. Declining functional capacity or impairment of ability to complete ADLs that complicate the Member’s capacity for self-management and compliance with treatment plan where the caregiver needs timely access to an ER alternative; or
   4. Underlying anxiety issues or altered coping skills that complicate self-management...
and problem-solving capability and contribute to a propensity for avoidable acute care utilization; or
5. Multiple medications with poor compliance and adherence history or a history of side effects or adverse effects contributing to a propensity for avoidable acute care utilization
D. All other cases require Medical Director approval.

II. Initial Treatment
A. Initial treatment services include a thorough clinical assessment by a Licensed Clinician (LCSW, LMFT, PhD, PsyD) and/or Licensed Practitioner (DO, MD, NP, PA).
B. Initial services are authorized for up to ninety (90) days; Members may be discharged prior to the ninetieth day.
C. Members requesting additional assistance beyond ninety (90) days will require submission of a detailed treatment plan which includes all of the following:
   1. Member’s primary Behavioral Health Diagnosis and significant associated impairments
   2. Member’s previous behavioral health history
   3. Specific therapeutic goals to be achieved, along with the anticipated timeframe for achievement of those goals
   4. A description of the home situation to include but not be limited to:
      a. Social and economic stressors
      b. Caregiving support (both inside & outside of the home)
      c. Identify and address any safety concerns
D. Any additional requests for treatment beyond the initial 90-day extension request will continue to be reviewed by the Behavioral Health Utilization Management Team every 90 days and the Medical Director as needed.

III. Behavioral Health Home Based Services provide a range of services, included but not limited to (Sharif et al, 2012):
A. Biopsychosocial assessments of the patient, including a screening for medical physical needs
B. Development and coordination of a treatment plan
C. Prescription of medications and dosing adjustments
D. Education for both the Member and supportive persons/family about the Member’s diagnosis, appropriate use of medications (if prescribed), and the treatment plan
E. Development of an individualized crisis plan.

COVERAGE LIMITATIONS AND EXCLUSIONS
I. Exclusion Criteria for Behavioral Health Home Based Services
   A. Member is temporarily homebound (less than 6 months) due to a temporary medical ailment (such as a fracture, etc.)
   B. Member actively engaged in treatment with either the Riverside or San Bernardino County Behavioral Health program is not eligible for IEHP Behavioral Health Home Based Services beyond those provided by the respective Behavioral Health County Provider.
C. Member diagnosed with significant mental retardation who does not have the mental capacity to benefit from individual therapy services

D. Member is experiencing severe organic conditions (such as Traumatic Brain Injury) that would impact the Member’s cognitive abilities

E. Member is already on hospice either at the time of the program effective date or upon initial request for services

F. Member is under the age of 18

G. Member does not reside in the target service area (San Bernardino or Riverside Counties)

### ADDITIONAL INFORMATION

According to the National Institute of Mental Illness, nearly 1 in 5 U.S. adults live with a mental illness (NIMH, 2019). Of those with mental illnesses, there are varying degrees of severity, including symptoms that range from mild to severe.

In the development of the IEHP Behavioral Health Home Based Services program, our primary goals are:

1. Provide in-home Behavioral Health Services for Members who are homebound.
2. Provide access to Behavioral Health Medication Management Services.
3. Promote Behavioral Health Coordination of Care among Members who are receiving Behavioral Health Home Based Services.

### CLINICAL/REGULATORY RESOURCE

See references.

### DEFINITION OF TERMS

1. DO- Doctor of Osteopathy
2. LCSW- Licensed Clinical Social Worker
3. LMFT- Licensed Marriage & Family Therapist
4. MD- Doctor of Medicine
5. PsyD- Doctor of Psychology
6. NP- Nurse Practitioner
7. PA- Physician Assistant

8. IEHP Behavioral Health Home Based Screening Form- This screening tool will be utilized to screen those IEHP Members that call in to the Health plan and self-request Behavioral Health Home Based Services.

Upon review of the request, the Behavioral Health Team Member will conduct a phone screening with Member. If the Member screens positive, then IEHP would refer the Member for Behavioral Health Home Based Services. If the Member does not meet the screening criteria, then Member’s request will be reviewed based on these UM Subcommittee guidelines for Behavioral Health Home Based Services.
