

Using the CCS-Provider Search Tool

This application is to assist in locating CCS-paneled providers within the six Inland Empire and surrounding counties.

Open the Application:

DHCS – CA Children Services Providers

Choose the small medical bag with the red cross

Select the "Provider Type" (i.e. specialty needed)

All CCS-Paneled Providers for that specialty will pop up as dots on the map.

Zoom in to a general area, or "search" by the city, address, or county of interest.

Scroll over any blue dot to view the Provider details.

That's all, folks!
