IEHP DualChoice (HMO D-SNP) | 2025 *List of Covered Drugs* (Formulary)

Introduction

This document is called the *List of Covered Drugs* (also known as the *Drug List*). It tells you which prescription drugs and over-the-counter (OTC) drugs and non-drug products are covered by IEHP DualChoice, a Medicare Medi-Cal Plan. The *Drug List* also tells you if there are any special rules or restrictions on any drugs covered by IEHP DualChoice. Key terms and their definitions appear in the last chapter of the *Member Handbook*.

Table of Contents

A. Disclaimers.....	3
B. Frequently Asked Questions (FAQ)	8
B1. What prescription drugs are on the List of Covered Drugs? (We call the List of Covered Drugs the “Drug List” for short.)	9
B2. Does the Drug List ever change?	9
B3. What happens when there is a change to the Drug List?.....	10
B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?	11
B5. How will I know if the drug I want has limits or if there are required actions to take to get the drug?	12
B6. What happens if IEHP DualChoice changes their rules about how they cover some drugs (for example, prior authorization, quantity limits, and/or step therapy restrictions)?.....	12
B7. How can I find a drug on the Drug List?.....	12
B8. What if the drug I want to take is not on the Drug List?.....	12
B9. What if I am a new IEHP DualChoice member and can’t find my drug on the Drug List or have a problem getting my drug?	13
B10. Can I ask for an exception to cover my drug?.....	14
B11. How can I ask for an exception?.....	14
B12. How long does it take to get an exception?	14

If you have questions, please call IEHP DualChoice at 1-877-273-IEHP (4347), 8am-8pm (PST), 7 days a week, including holidays. TTY users should call 1-800-718-4347. The call is free. **For more information**, visit www.iehp.org.

Last updated 03/19/2025

B13. What are generic drugs?	15
B14. What are original biological products and how are they related to biosimilars?.....	15
B15. What are OTC drugs?	15
B16. Does IEHP DualChoice cover non-drug OTC products?.....	15
B17. Does IEHP DualChoice cover long-term supplies of prescriptions?	16
B18. Can I get prescriptions delivered to my home from my local pharmacy?	16
B19. What is my copay?	16
C. Overview of the <i>List of Covered Drugs</i>	16
C1. List of Drugs by Medical Condition	17
D. List of Drugs by Medical Condition.....	20
E. Index of Covered Drugs.....	145

If you have questions, please call IEHP DualChoice at 1-877-273-IEHP (4347), 8am-8pm (PST), 7 days a week, including holidays. TTY users should call 1-800-718-4347. The call is free. **For more information**, visit www.iehp.org.

- ❖ To make a standing request to receive materials in languages other than English or alternate format, or to make changes to a standing request, please call IEHP DualChoice Member Services at 1-877-273-IEHP (4347), 8am-8pm (PST), 7 days a week, including holidays. TTY users should call 1-800-718-4347. IEHP DualChoice will keep your information as a standing request for future mailings and communications so you do not need to make a separate request each time.

B. Frequently Asked Questions (FAQ)

If you have questions, please call IEHP DualChoice at 1-877-273-IEHP (4347), 8am-8pm (PST), 7 days a week, including holidays. TTY users should call 1-800-718-4347. The call is free. **For more information,** visit www.iehp.org.

Last updated 03/19/2025

Find answers here to questions you have about this *List of Covered Drugs*. You can read all the FAQ to learn more or look for a question and answer.

B1. What prescription drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the “*Drug List*” for short.)

The drugs on the *List of Covered Drugs* that starts in section C1 are the drugs covered by IEHP DualChoice (HMO D-SNP). The drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

Other drugs, such as some over-the-counter (OTC) medications and certain vitamins, may be covered by Medi-Cal Rx. Please visit the Medi-Cal Rx website (www.medi-calrx.dhcs.ca.gov) for more information. You can also call the Medi-Cal Rx Customer Service Center at 800-977-2273. Please bring your Medi-Cal Beneficiary Identification Card (BIC) when getting prescriptions through Medi-Cal Rx.

- IEHP DualChoice will cover all medically necessary drugs on the *Drug List* if:
 - your doctor or other prescriber says you need them to get better or stay healthy,
 - IEHP DualChoice agrees that the drug is medically necessary for you, **and**
 - you fill the prescription at a IEHP DualChoice network pharmacy.
- In some cases, you have to do something before you can get a drug. Refer to question B4 for more information.

You can also find an up-to-date list of drugs that we cover on our website at www.iehp.org or call Member Services at the numbers in the footer of this document.

B2. Does the *Drug List* ever change?

Yes, and IEHP DualChoice must follow Medicare and Medi-Cal rules when making changes. We may add or remove drugs on the *Drug List* during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior authorization for a drug. (Prior authorization is permission from IEHP DualChoice before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)

For more information on these drug rules, refer to question B4.

If you have questions, please call IEHP DualChoice at 1-877-273-IEHP (4347), 8am-8pm (PST), 7 days a week, including holidays. TTY users should call 1-800-718-4347. The call is free. **For more information**, visit www.iehp.org.

Last updated 03/19/2025

If you are taking a drug that was covered at the **beginning** of the year, we will generally not remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes on the market that works as well as a drug on the *Drug List* now, or
- we learn that a drug is not safe, or
- a drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the *Drug List* changes.

- You can always check IEHP DualChoice's up-to-date *Drug List* online at www.iehp.org. Updates to the *Drug List* are posted on the website monthly.
- You can also call Member Services at the numbers in the footer of this document to check the current *Drug List*.

B3. What happens when there is a change to the *Drug List*?

Some changes to the *Drug List* will happen **immediately**. For example:

- **Substitutions of certain new versions of drugs.** We may immediately remove the drugs from the *Drug List* if we replace them with certain new versions of that drug, but your cost for the new drug will remain \$0. When we add a new version of a drug, we may also decide to keep the brand name drug or original biological product on the list but change its coverage rules or limits.
 - We may not tell you before we make this change, but we will send you information about the specific change we made once it happens.
 - We can make these changes only if the drug we are adding:
 - is a new generic version of a brand name drug, or
 - is a certain new biosimilar version of original biological products on the *Drug List* (for example, adding an interchangeable biosimilar that can be substituted for an original biological product without a new prescription).
 - Some of these drug types may be new to you. For more information, refer to Section B14.
 - You or your provider can ask for an exception from these changes. We will send you a notice with the steps you can take to ask for an exception. Please refer to questions B10-B12 for more information on exceptions.
- **A drug is taken off the market.** If the Food and Drug Administration (FDA) says a drug you are taking is not safe or effective or the drug's manufacturer takes a drug off the market, we may

If you have questions, please call IEHP DualChoice at 1-877-273-IEHP (4347), 8am-8pm (PST), 7 days a week, including holidays. TTY users should call 1-800-718-4347. The call is free. **For more information**, visit www.iehp.org.

Last updated 03/19/2025

immediately take it off the *Drug List*. If you are taking the drug, we will send you a notice after we make the change. Please contact the providing doctor after you receive a letter.

We may make other changes that affect the drugs you take. We will tell you in advance about these other changes to the *Drug List*. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We remove a brand name drug from the *Drug List* when adding a generic drug that is not new to the market, or
- we remove an original biological product when adding a biosimilar, or
- we change the coverage rules or limits for the brand name drug.

When these changes happen, we will:

- tell you at least 30 days before we make the change to the *Drug List* **or**
- let you know and give you a 31-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- if there is a similar drug on the *Drug List* you can take instead or
- whether to ask for an exception from these changes. To learn more about exceptions, refer to questions B10-B12.

B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior authorization:** For some drugs, you or your doctor or other prescriber must get authorization from IEHP DualChoice before you fill your prescription. Prior authorization is different from a referral. IEHP DualChoice may not cover the drug if you don't get prior authorization.
- **Quantity limits:** Sometimes IEHP DualChoice limits the amount of a drug you can get.
- **Step therapy:** Sometimes IEHP DualChoice requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your prescriber thinks the first drug doesn't work for you, then we will cover the second.

You can find out if your drug has any additional requirements or limits by looking in the tables in section C1. You can also get more information by visiting our website at www.iehp.org. We have posted online

If you have questions, please call IEHP DualChoice at 1-877-273-IEHP (4347), 8am-8pm (PST), 7 days a week, including holidays. TTY users should call 1-800-718-4347. The call is free. **For more information**, visit www.iehp.org.

Last updated 03/19/2025

documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the *Drug List* you can take instead or whether to ask for an exception. Refer to questions B10-B12 for more information about exceptions.

B5. How will I know if the drug I want has limits or if there are required actions to take to get the drug?

The table in the List of Drugs on page 23 has a column labeled “Necessary actions, restrictions, or limits on use.”

B6. What happens if IEHP DualChoice changes their rules about how they cover some drugs (for example, prior authorization, quantity limits, and/or step therapy restrictions)?

In some cases, we will tell you in advance if we add or change prior authorization, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the *Drug List* change.

B7. How can I find a drug on the *Drug List*?

There are two ways to find a drug:

- you can search alphabetically, **or**
- you can search by medical condition.

To search **alphabetically**, look for your drug in the Index of Covered Drugs section. You can find it in the index that begins on page 150. Look in the index and find your drug. Next to your drug, you will see the page number where you can find the coverage information. Turn to the page listed in the index and find the name of your drug in the first column of the list.

To search **by medical condition**, find the section labeled “List of Drugs by Medical Condition” on page 17. The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category Cardiovascular Agents. That is where you will find drugs that treat heart conditions.

B8. What if the drug I want to take is not on the *Drug List*?

If you don't find your drug on the *Drug List*, call Member Services at the numbers in the footer of this document and ask about it. If you learn that IEHP DualChoice will not cover the drug, you can do one of these things:

If you have questions, please call IEHP DualChoice at 1-877-273-IEHP (4347), 8am-8pm (PST), 7 days a week, including holidays. TTY users should call 1-800-718-4347. The call is free. **For more information**, visit www.iehp.org.

Last updated 03/19/2025

- Ask Member Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the *Drug List* that is like the one you want to take. **Or**
- You can ask IEHP DualChoice to make an exception to cover your drug. Refer to questions B10-B12 for more information about exceptions.

B9. What if I am a new IEHP DualChoice member and can't find my drug on the *Drug List* or have a problem getting my drug?

We can help. We may cover a temporary 31-day supply of your drug during the first 90 days you are a member of IEHP DualChoice. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the *Drug List* you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we will allow multiple refills to provide up to a maximum of 31 days of medication.

We will cover a 31-day supply of your drug if:

- you are taking a drug that is not on our *Drug List*, **or**
- our plan rules do not let you get the amount ordered by your prescriber, **or**
- the drug requires prior authorization by IEHP DualChoice, **or**
- you are taking a drug that is part of a step therapy restriction.

If you are taking a drug that IEHP DualChoice does not consider to be a Part D drug, and the drug is not on the *Drug List*, and you have a problem getting the drug, it may be covered through Medi-Cal Rx. If a Part D excluded drug requires an exception, and you have an emergency, Medi-Cal Rx will allow no less than 72-hour supply of the drug. Please visit the Medi-Cal Rx website (www.medi-calrx.dhcs.ca.gov) for more information. You can also call the Medi-Cal Rx Customer Service Center at 800-977-2273. Please bring your Medi-Cal BIC when getting prescriptions through Medi-Cal Rx.

If you are in a nursing home or other long-term care facility and need a drug that is not on the *Drug List* or if you cannot easily get the drug you need, we can help. If you have been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- We will cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new IEHP DualChoice member.
- This is in addition to the temporary supply during the first 90 days you are a member of IEHP DualChoice.

If you have questions, please call IEHP DualChoice at 1-877-273-IEHP (4347), 8am-8pm (PST), 7 days a week, including holidays. TTY users should call 1-800-718-4347. The call is free. **For more information**, visit www.iehp.org.

- As a new member in our plan or continuing member who was affected by a formulary change from one year to the next, you may be taking drugs that are not on our formulary. Or, you may be taking drugs that are on our formulary that are hard for you to get. For example, you may need our approval before you can get your drug. Either way, talk to your doctor. He or she can help you choose the right course of action. This could be changing to a drug we do cover or seeking a formulary exception so that we will cover the drug. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.
- For each of your drugs that is not on our formulary or is hard for you to get, we will cover a temporary 31-day supply (unless you have a prescription written for fewer days) when you go to a network pharmacy. After your first 31-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.
- If you are a resident of a long-term care facility, we will cover your prescription refill until we have provided you with a 31-day transition supply, consistent with dispensing increment, (unless you have a prescription written for fewer days). We will cover more than one refill of these drugs for the first 90 days of your membership. If you need a drug that is not on our formulary or it is hard for you to get, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug (unless you have a prescription for fewer days) while you ask for a formulary exception.

B10. Can I ask for an exception to cover my drug?

Yes. You can ask IEHP DualChoice to make an exception to cover a drug that is not on the *Drug List*.

You can also ask us to change the rules on your drug.

- For example, IEHP DualChoice may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or prior authorization requirements.

B11. How can I ask for an exception?

To ask for an exception, call IEHP DualChoice Member Services. A Member Services representative will work with you and your prescriber to help you ask for an exception. You can also read **Chapter 9** section G of the *Member Handbook* to learn more about exceptions.

B12. How long does it take to get an exception?

After we get a statement from your prescriber supporting your request for an exception, we will give you a decision within 72 hours. For information or instructions about how and where IEHP DualChoice members **can send** their statement, please contact IEHP DualChoice Member Services.

CALL

1-877-273-IEHP (4347) 8am-8pm (PST), 7 days a week, including holidays.

If you have questions, please call IEHP DualChoice at 1-877-273-IEHP (4347), 8am-8pm (PST), 7 days a week, including holidays. TTY users should call 1-800-718-4347. The call is free. **For more information**, visit www.iehp.org.

Last updated 03/19/2025

TTY	1-800-718-4347. This call is free.
FAX	(909) 890-5877
WRITE	IEHP DualChoice P.O. Box 1800 Rancho Cucamonga, CA 91729-1800
EMAIL	MemberServices@iehp.org

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber’s supporting statement.

B13. What are generic drugs?

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and generally work just as well. They usually don’t have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA). There are generic drugs available for many brand name drugs. Generic drugs usually can be substituted for brand name drugs at the pharmacy without a new prescription—depending on state laws.

IEHP DualChoice covers both brand name drugs and generic drugs.

B14. What are original biological products and how are they related to biosimilars?

When we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have forms that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

For more information on drug types, refer to **Chapter 5** of the *Member Handbook*.

B15. What are OTC drugs?

OTC stands for “over-the-counter”. IEHP DualChoice covers some OTC drugs when they are written as prescriptions by your provider.

You can read the IEHP DualChoice *Drug List* to find out what OTC drugs are covered.

B16. Does IEHP DualChoice cover non-drug OTC products?

If you have questions, please call IEHP DualChoice at 1-877-273-IEHP (4347), 8am-8pm (PST), 7 days a week, including holidays. TTY users should call 1-800-718-4347. The call is free. **For more information**, visit www.iehp.org.

IEHP DualChoice covers some non-drug OTC products when they are written as prescriptions by your provider.

Examples of non-drug OTC products include alcohol pads.

You can read the IEHP DualChoice *Drug List* to find out what non-drug OTC products are covered.

B17. Does IEHP DualChoice cover long-term supplies of prescriptions?

- **Mail-Order Programs.** We offer a mail-order program that allows you to get up to a 100-day supply of your prescription drugs sent directly to your home. A 100-day supply has the same copay as a one-month supply.
- **100-Day Retail Pharmacy Programs.** Some retail pharmacies may also offer up to a 100-day supply of covered prescription drugs. A 100-day supply has the same copay as a one-month supply.

B18. Can I get prescriptions delivered to my home from my local pharmacy?

Your local pharmacy may be able to deliver your prescription to your home. You can call your pharmacy to find out if they offer home delivery.

B19. What is my copay?

IEHP DualChoice members have \$0 copay for prescription and OTC drugs and non-drug products if the member follows the plan's rules. Refer to questions B15 and B16 for more information about OTC drugs and non-drug products.

Tiers are groups of drugs on our *Drug List*.

- Tier 1 drugs have \$0 copay.*

*Because you qualify for "Extra Help", you pay nothing for your prescription drug costs as long as you follow our rules. If you no longer qualify for Extra Help, your drug costs may change.

If you have questions, call Member Services at the numbers in the footer of this document.

C. Overview of the *List of Covered Drugs*

The *List of Covered Drugs* gives you information about the drugs covered by IEHP DualChoice. If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins in section D. The index alphabetically lists all drugs covered by IEHP DualChoice.

Other drugs, such as some over-the-counter (OTC) medications and certain vitamins, may be covered by Medi-Cal Rx. Please visit the Medi-Cal Rx website (www.medi-calrx.dhcs.ca.gov) for more information. You can also call the Medi-Cal Rx Customer Service Center at 800-977-2273. Please bring your Medi-Cal Beneficiary Identification Card (BIC) when getting prescriptions through Medi-Cal Rx.

If you have questions, please call IEHP DualChoice at 1-877-273-IEHP (4347), 8am-8pm (PST), 7 days a week, including holidays. TTY users should call 1-800-718-4347. The call is free. **For more information**, visit www.iehp.org.

Last updated 03/19/2025

Appeals Under Part D

- An appeal is a formal way of asking us to review a decision we made about your coverage and to change it if you think we made a mistake.
- For example, we might decide that a drug that you want is not covered or is no longer covered by Medicare or Medi-Cal.
- If you or your prescriber disagrees with our decision, you can appeal. If you ever have a question, call Member Services at the numbers in the footer of this document.
- You can also read **Chapter 9** of the *Member Handbook* to learn how to appeal a decision.
- Drugs that are not a Part D drug have different rules for appeals.

C1. List of Drugs by Medical Condition

The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, Cardiovascular Agents. That is where you will find drugs that treat heart conditions.

Here are the meanings of the codes used in the “Necessary actions, restrictions, or limits on use” column:

AGE: Age Limit. For certain drugs, IEHP DualChoice requires a Prior Authorization if over the specific age limit.

LA: Limited Access. This drug is only available at certain pharmacies.

NDS: Non-Extended Day Supply. This is a drug that is dispensed up to a 31-day supply.

PA: Prior Authorization. IEHP DualChoice requires you or your physician to get approval from us first before filling a certain drug. This extra step is called “prior authorization.” If you don’t get approval, IEHP DualChoice may not cover the drug.

PA NSO: Prior Authorization for New Starts Only. IEHP DualChoice requires you or your physician to get approval from us first before filing a certain drug if you have not taken this drug before. If you don’t get approval, IEHP DualChoice may not cover the drug.

PA BvD: Part B vs D Prior Authorization. This is a drug that has a special “PA” requirement. It may be covered under one or two benefit programs: 1) Medicare Part B, and/or 2) Medicare Part D. This depends on many factors. Your physician may need to give us more details about the use and setting of the drug.

QL: Quantity Limit. For Certain drugs, IEHP DualChoice limits the amount of the drug that it will cover. This may be in addition to a standard one month or three-month supply.

If you have questions, please call IEHP DualChoice at 1-877-273-IEHP (4347), 8am-8pm (PST), 7 days a week, including holidays. TTY users should call 1-800-718-4347. The call is free. **For more information**, visit www.iehp.org.

Last updated 03/19/2025

ST: Step Therapy. In some cases, IEHP DualChoice requires you to first try certain drugs to treat your medical condition. This is the process before we will cover another drug for that condition. For example, either Drug A or Drug B may treat your medical condition. IEHP DualChoice may not cover Drug B unless you try Drug A first. If Drug A does not work for you, IEHP DualChoice will then cover Drug B.

The first column of the table lists the name of the drug. Generic drugs are listed in lower-case italics (for example, *atorvastatin oral tablet 10 mg*), brand name drugs are capitalized (for example, ABRYSCO (PF) INTRAMUSCULAR RECON SOLN 120 MCG/0.5 ML). The information in the “Necessary actions, restrictions, or limits on use” column tells you if IEHP DualChoice has any rules for covering your drug.
