

# HEALTHY SCHOOL PROGRAM

SUPPORTING STUDENT HEALTH AND SUCCESS

## GREAT NEWS!

Your child's school district has teamed up with Inland Empire Health Plan (IEHP) and you are now eligible to participate in the Healthy School Program.

## WHAT IS THE HEALTHY SCHOOL PROGRAM?

This program works with your school district to ensure students have access to the care they need to stay healthy, engaged and ready to learn.

## HOW IT WORKS

An IEHP Health Navigator meets with you wherever you feel comfortable. They then share how the Healthy School Program can support your student and family's needs. Once you learn about the program, all you need to do is accept the support. You can opt in or opt out of the program at any time.

## HOW CAN A HEALTH NAVIGATOR HELP?

A Health Navigator can help you:

- Find doctors and schedule check-ups.
- Provide mental health support and resources.
- Help with vaccines and health screenings.
- Connect families to food, housing and other resources.

## WHO CAN USE THIS PROGRAM?

Students and families who are IEHP members (Medi-Cal or Covered California) and go to a partnering school district.

Not an IEHP member?

We can help you apply for health coverage, connect you with your health insurance or other community resources.

## HOW TO GET STARTED

- Ask your school's front office or any staff member.
- A teacher or school staff member can refer your child.

## WHY IT MATTERS

When families have access to health care and vital resources, students are healthier, miss less school and do better in class.

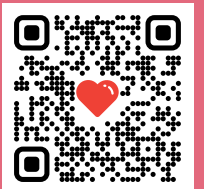

With the right support, every student can reach their full potential – in school and in life.

## WANT TO LEARN MORE?

 Talk to your school's staff or front office.
