Inland Empire residents looking for health insurance through **Covered California** will now see a trusted name on the list – **Inland Empire Health Plan (IEHP Covered)**!

IEHP Covered is among the options on the exchange for those seeking coverage in 2024 and we are thrilled to be able to offer **the lowest-cost silver plan option in Region 17 (Inland Empire)**!

The silver plan option is just one of four levels of coverage available when open enrollment begins November 1 and continues through January 31, 2024.

The IEHP sales and outreach team are working with external broker and navigator partners across the state to introduce IEHP and its new IEHP Covered plans.

With the end of the Covid-19 Public Health Emergency, and millions of Californians no longer eligible for care with Medi-Cal, IEHP is extending our services to everyone in the Covered California market who could not previously enjoy the benefits of being an IEHP member.

**Importantly, we can offer IEHP Covered to patients who previously had IEHP Medi-Cal coverage and no longer qualify for Medi-Cal.** This will help patients keep their relationship with IEHP and continuity of care with doctors who have served them all along. **Please share with your patients about IEHP Covered!**

Are you interested in being an IEHP Covered provider? All providers interested in being a part of the IEHP Covered network can reach out to [contract@iehp.org](mailto:contract@iehp.org). Please be aware that there is specific quality criteria that providers must meet to be offered an IEHP Covered contract. This may limit the extension of contracts to some providers.

We will soon have more information available on our website about IEHP Covered. Stay tuned!
